After negotiating an order, it may take up to 2 months to receive a formal Purchase Order from the client. Once a Purchase Order is received, we remove its value from the list of “negotiated orders” and move it to list of order received in a given month and add it to the total outstanding consolidated order book position of the Company.

- 4) In May 2021 we have received an order for supply of 2700 dia & 3000 dia Knife Gate Valves for a project of Municipal Corporation of Greater Mumbai. These are the largest size Knife Gate Valves to be installed in India for Sewage application.

- 5) Even though there is huge backlog of pending orders, there has been delay in drawing approvals & receipt of advance payments from customers due to lockdown. On account of this, manufacturing clearances are low which may lead to lower manufacturing load in next couple of months.

This is for your information and for the public at large.

Thanking You,

Yours Faithfully,

For JASH Engineering Limited
